I LOVE YOU, ALWAYS

Belén López Medus
María Casabal

This story tells the dialogue between a baby bear and his mother.

He asks her if she loves him always, no matter what he does or says—like when he's angry because he loses a game, or when he feels shy around strangers and doesn't want to leave her side.

The mama bear, unconditionally, shows him that yes, she does and always will love him. **This is real love.**

EDICIONES MiniLupa

Minilupa is an independent Chilean publishing house, created in 2023, commited to the development of readers from the early years.

Currently, its catalogue is directed at babies and children from birth to ten years old. Because of this, they offer varied formats that are adapted to babies and children, like hardcover books or board boaks with rounded edges for adequate manipulation by tiny hands.

Various of their titles are written in rhyme, with rhythm and repetitions to capture the attention of young readers while, at the same time, developing phonological conscience. The texts are accompanied by happy and carefully done illustrations, made by Chilean and Latin American artists.
